First 5 County Commission Result Areas

Four Result Areas

For annual reporting, First 5 California and First 5 county commissions track progress in four result areas to inform evidence-based funding decisions, program planning, and policies:

- Improved Family Resiliency
- Improved Child Development
- Improved Child Health
- Improved Systems of Care

These result areas comprise a framework for reporting early childhood investments and provide an overview of the number, type, and cost of services to children and adults. Stakeholders can use this information to assess statewide resource allocation and impact of First 5 county commissions.

Exhibit 1 contains the total numbers of services provided to children ages birth to 5 and adults (including primary caregivers and providers) for Improved Family Resiliency, Improved Child Development, and Improved Child Health. During FY 2023–24, First 5 county commissions provided a total of 628,844 child services and 632,103 adult services. The distribution of expenditures in these three result areas totals $288 million.

Please imagine a ladder with steps numbered 1 at the bottom and 7 at the top. The top of the ladder represents the strongest possible parenting skills, and the bottom of the ladder represents the weakest parenting skills. Depending on the skill, some people will see themselves as higher on the ladder and others will see themselves as lower on the ladder.

Directions For each statement below, reflect on where YOU stand on the ladder now and circle that number in the NOW column. Then, think about where you stood on the ladder before participating in PACT classes and circle that number in the BEFORE column.	Where are you on the ladder?
